MARKETING STRATEGY

2961 Lakeview Drive, Sebring, Florida

PREPARED SEPTEMBER 2026

Precision over *volume*.

Your home is not advertised everywhere. It is advertised where it matters. A Mediterranean estate of ten thousand square feet, with two hundred and fifty feet of frontage on Lake Jackson, a dock of its own and garaging for ten cars, is bought by a particular kind of buyer. Many of them are already in Florida. Others are in the northern cities that have sent families to Florida water for generations. The campaign therefore runs in two parts, one inside the state and one beyond it, so each audience is approached on its own terms.

TWO AUDIENCES

One campaign inside Florida, one for buyers beyond it.

CHOSEN MARKETS

Six markets chosen for their record of producing buyers for Florida waterfront homes.

TAILORED CREATIVE

Six advertisements built for this house, in six shapes, for every screen.

REPORTED TO YOU

A full account of where your home appeared and how buyers responded.

Thirty days, *two audiences*.

DAYS

Over thirty days your home will be advertised in six markets, inside Florida and beyond it. Six advertisements have been built for it, in six shapes, each a slow film of the house, the grounds and the lake, ending on the address and an invitation to arrange a viewing.

ONE FIGURE TO FOLLOW

The plan set out here is settled. The one figure still to come is the number of impressions — the number of times your home is put in front of someone — which is confirmed once the campaign is under way.

IMPRESSIONS

In Florida, and *beyond* it.

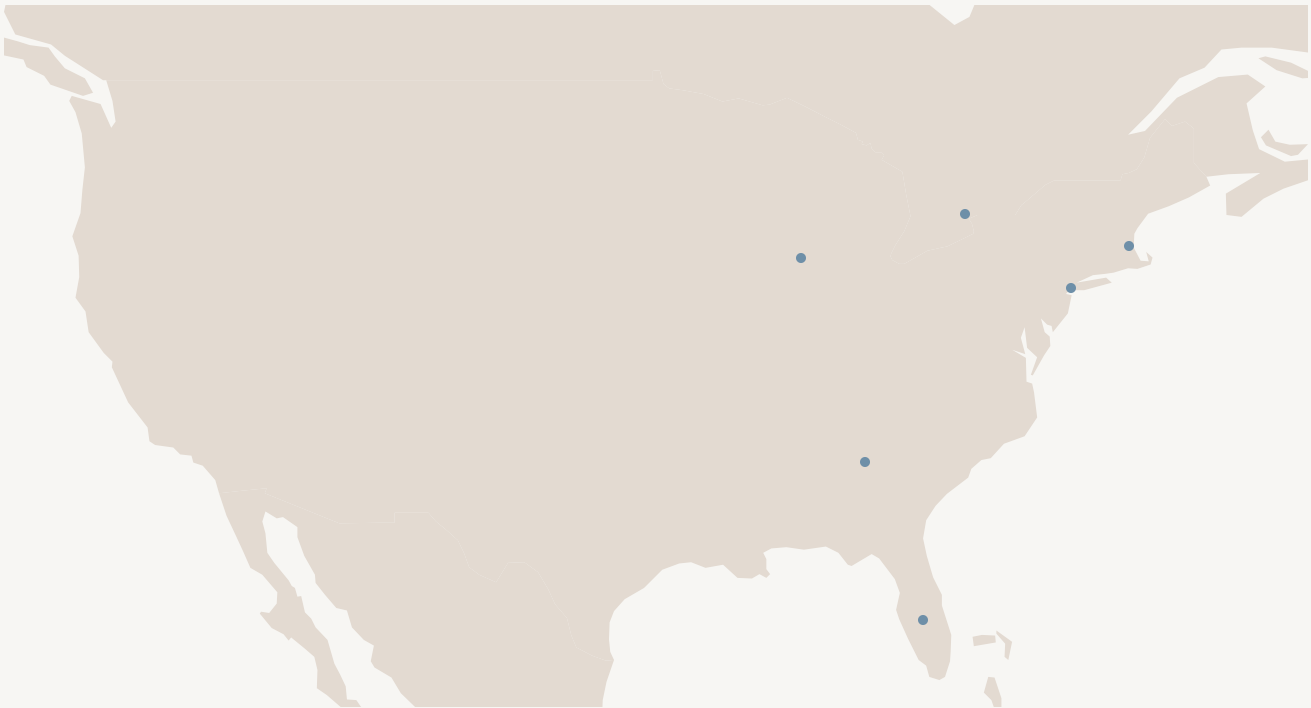

2961 LAKEVIEW DRIVE · \$4,850,000

The two run side by side, on the same dates, as a single effort. One reaches buyers already living in Florida; the other reaches those looking toward Florida from further north. They do not overlap, so the same buyer is not shown your home twice.

WHO IT REACHES	Buyers already living in Florida	Buyers in the northern cities of the United States, and in Canada
WHERE IT RUNS	Florida, statewide	Four cities in the United States and one in Canada
HOW BUYERS ARE FOUND	By where they are, and by whether they are actively looking for a home	By where they are, and by whether they are looking at homes away from where they live

The right buyers live in the *right places*.

Lake Jackson draws buyers from well beyond Highlands County. The Florida campaign covers the whole state, where most buyers for a house of this kind are found. The second campaign concentrates on the cities that have sent families south to Florida water for generations — New York, Boston, Chicago, Atlanta and Toronto. An estate on this scale sells largely inside Florida, with those northern cities behind it, and the six markets are chosen on that footing.

The work, as buyers *will* see it.

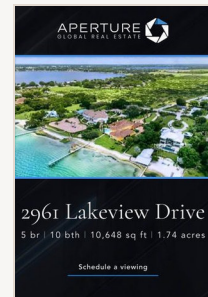

Six advertisements, in six shapes, built for the computer, the tablet and the telephone. Each moves slowly across six photographs over fifteen seconds, then closes on the address and an invitation to arrange a viewing. The price is not shown, as is our practice.
